Hi Glenn,

I've been meaning to shoot you an email for a while to say thank you for your work at Chapel Street. Construction is underway and going well.

I wanted to let you know how impressed I was by your business and all of your staff. In every instance they were professional, polite and good humoured.

In particular I wanted to mention Rory. He was always incredibly helpful, and he is a credit to your business.

I will certainly recommend your services, and I look forward to working with you again in the future.

Regards,
Damian Thomas, Thomas Constructions Pty Ltd
