Thanks Glen,

Survey completed. Per usual the level of communication from the start to finish from ATMA was exceptional with no following up required.

This level of communication is by far the best of any sub-consultants we deal with.

Any questions, please let me know.

Regards,

Tim Watson

Hi Tim,
Thanks for your time on the phone this morning. I understand there are no further requirements at this time.
Attached is a very short client survey for our QA system.
