Glenn Berry
Atma Environmental Pty Ltd
56 William St
ABBOTSFORD, Vic. 3067

Dear Glenn,

RE: Atma Environmental Reference

Atma Environmental recently completed a preliminary soil and ground water investigation report for a disused service station/mechanics shop located in Parkdale (for which we acted as the vendor's agent).

In addition to providing the most competitive fee quote for the work Atma Environmental recommended an appropriate Scope of Work, completed all the works in the timing promised, and ultimately produced a thorough report which very much assisted with the sale process.

All in all we were very happy with the service received and will be happy to use Atma Environmental in the future.

Regards,
Axis Property
